

***Cryptosporidium* Workshop – Identifying Key WQRA Research Priorities**

8th December 2009

Venue: Raymond Priestley Room, Union House, The University of Melbourne

9:00 am – 5:00 pm

Draft Agenda

<i>Coffee on Arrival</i>		<i>0900 – 0930</i>
1.	Welcome and Introduction (Michele Akeroyd)	0930 – 0940
2.	Background - Overview of WQRA project concept ' <i>Epidemiology of Cryptosporidium and Giardia species and genotypes in animals in drinking water catchments using molecular tools</i> ' (Assoc. Prof. Una Ryan)	0940 - 1010
3.	Catchment and Water Management Context (presenters tbc)	1010 - 1100
<i>Morning Tea</i>		<i>1100 - 1115</i>
4.	Regulator Context (presenters tbc)	1115 – 1200
5.	National Perspectives (presenters tbc)	1200 - 1230
6.	Results of pre-Workshop Survey (Michele Akeroyd)	1230 - 1245
7.	Facilitated Group Discussion – Identification of research issues	1245 – 1315
<i>Lunch</i>		<i>1315 – 1400</i>
8.	Small Group Session – Prioritisation of research issues	1400 – 1445
9.	Small Groups to report back and participants short-list priorities	1445 – 1530
<i>Afternoon Tea</i>		<i>1530 – 1545</i>
10.	Develop project Outlines for short-listed priorities - Identify project scope, collaborators, timelines	1545 – 1645
11.	Wrap-up and next steps (Michele Akeroyd)	1645 – 1700
